## About SCI

The Singapore College of Insurance (SCI) is a not-for-profit professional training and education body set up in 1974, as part of Singapore's efforts to develop as a financial hub.

For more than 45 years, SCI has remained focused in its efforts to upgrade the technical expertise of insurance and financial services practitioners, and to provide them with professional advancement opportunities, through its series of practice-oriented programmes and internationally-accredited qualifications. Since the late 1970s, the SCI has also played the role of an industry examination body to conduct regulatory examinations for those wishing to join the financial advisory, life and general insurance industries.

Since 2009, the SCI has also expanded its role to include talent development programmes, such as the Insurance Executive Scholarship Programme (IESP) and the Insurance Management Associate Programme (iMAP) that have succeeded in attracting and placing numerous fresh tertiary talent into the varied functions in the industry. The SCI was voted the Asia Insurance Industry Educational Service Provider of the Year in 1997, 2001, 2007, 2016 and 2018. It has international links with professional bodies, such as The Chartered Insurance Institute (CII), The Chartered Institute of Loss Adjusters (CILA), Glasgow Caledonian University (GCU), The American College of Financial Services and The Australia and New Zealand Institute of Insurance and Finance (ANZIIF) as well as with other training institutes in the region, through its involvement in the ASEAN Insurance Education Committee (AIEC). The SCI has also actively helped to set up the Asia-Pacific Risk and Insurance Association (APRIA) to further insurance education, and to promote links between academia and the industry.

## About CII

CII a professional body dedicated to building public trust in the insurance and financial planning profession. Our strapline Standards. Professionalism. Trust. embodies our commitment to driving confidence in the power of professional standards: competence, integrity and care for the customer.
