

About SCI

SINGAPORE COLLEGE OF INSURANCE

The Singapore College of Insurance (SCI) is a not-for profit professional training and education body set up in 1974, as part of Singapore's efforts to develop as a financial hub. For more than 49 years, SCI has remained focused in its efforts to upgrade the technical expertise of insurance and financial services practitioners, and to provide them with professional advancement opportunities, through its series of practice-oriented programmes and professional qualifications. Since the late 1970s, the SCI has also played the role of an industry examination body to conduct regulatory examinations for those wishing to join the financial advisory, life, and general insurance industries.

Since 2009, the SCI has also expanded its role to include talent development programmes, such as the Insurance Executive Scholarship Programme (IESP) and the Insurance Management Associate Programme (iMAP) that have succeeded in attracting and placing numerous fresh tertiary talent into the varied functions in the industry. The SCI won the Asia Insurance Industry Educational Service Provider of the Year award in 1997, 2001, 2007, 2016, 2018 and 2022.

The SCI has international links with professional bodies, such as The Chartered Insurance Institute (CII), The American College of Financial Services (TAC), The Glasgow Caledonian University (GCU) and The Zurich University of Applied Sciences (ZHAW). The SCI is also the Secretariat for the Asia-Pacific Risk and Insurance Association (APRIA) set up in 1997 to further insurance education, and to promote links between academia and the industry.

OUR VISION

To be a premier professional training and educational institution, internationally recognised for its programmes for the insurance and related financial services industry.

OUR MISSION

To provide the highest quality professional training and education for the insurance and related financial services industry, so as to contribute to Singapore's development as an international financial centre.

HISTORY OF SCI

The SCI was incorporated as a company limited by guarantee on 19 November 1994. The SCI's predecessor, the Singapore Insurance Training Centre (SITC) was set up in 1974 as the first industry-based training centre in Singapore. In June 1989, the SITC was merged with the Insurance Institute of Singapore and was renamed as the Singapore Insurance Institute (SII). In 1994, a new entity called the Singapore College of Insurance (SCI) was incorporated, whilst the SII continues to function as a professional membership body for qualified insurance practitioners focusing on professional activities.

About SCI

Contents

Technical Training Programmes

Broking Series, pg 8

General Insurance Broking - A Foundation Programme

Market Practice Series, pg 8

Certificate in ASEAN Insurance Market Practices (Underwriting and Claims) (Singapore)
