Programme Highlights

Offered on a part-time basis, the Diploma in Life Insurance (DLI) - Self Study programme is developed and awarded by the Singapore College of Insurance (SCI) as a professional qualification for Singapore-based insurance industry practitioners. It is a technical and supervisory qualification for life insurance staff and is a logical progression after obtaining the Cert SCI (Life Insurance) and Cert SCI (Health Insurance) designations.

This programme provides a good understanding of the various individual life, annuity and disability insurance products, including design, pricing, underwriting, claims, investments, and other managerial operations of a life insurance company. In addition, this programme presents an overview of risk management relating to insurance and retirement planning. It also provides an in-depth treatment of the legal aspects of life insurance, life insurance company operations, as well as the process and environment relating to financial planning. This programme can be a milestone towards the attainment of the Chartered Life Underwriter®/Singapore (CLU®/S) programme, which is awarded by SCI under licence from The American College of Financial Services.

Entry Requirements

In order to be registered for the Programme / Examination, the candidate:

- must be at least 18 years of age;
- should be a Singapore Citizen / Singapore Permanent Resident or foreigner who is ordinarily resident in Singapore at the point of registering for the examination;
- should preferably be engaged in financial services activities; and
- must have successfully completed the Capital Markets and Financial Advisory Services (CMFAS) examination Module 5 and Module 8 or Module 9, as well as Health Insurance examination.

The candidate must produce relevant supporting documents to the SCI for verification purposes if required during the signing of the Advisory Note and Student Contract.

For Whom

- Supervisors, team leaders, senior executives and those with long-term ambitions of assuming managerial positions;
- Insurance staff members employed in support functions wishing to develop their knowledge of the business; and
- Those wanting to be provided with a pathway towards achieving the CLU®/S qualification.

Modules Overview

DLI01 Individual Life Insurance

This module provides in-depth knowledge of life insurance, its underwriting process and the role of claim assessors. It covers a wide range of topics from the basis of life insurance, product design and pricing, to the various types of life, annuity and disability insurance products.

DLI02 Risk Management, Insurance and Retirement Planning

This module focuses on the use of risk management techniques in treating the risks faced by individuals. It also provides an outline of the basic insurance principles, as well as the various classes of insurance, given the importance of insurance in the risk management process. In addition, it presents the steps in insurance planning to equip the candidates with the knowledge on how to perform insurance planning services.

DLI03 Life Insurance Law

This module examines and provides in-depth treatment of the legal aspects of life insurance, including basic principles of contract law, incontestable clause, assignments, law of agency and the rights of beneficiaries.

DLI04 Life Insurance Company Operations

This module provides a good understanding of the life insurance company's operational processes. It also covers specific functions such as claims handling, new business, information technology, actuarial management and marketing.

DLI05 Financial Planning: Process and Environment

This module provides an overview of the financial planning process, including communication techniques, ethics, risk tolerance, time-value-of-money concepts and financial planning applications. It also offers an understanding of the role and responsibilities of a financial planner, along with some analytical skills to aid in financial decision-making.

Graduation Requirements

To qualify for Diploma in Life Insurance (DLI), candidates are given 3 consecutive years (or 36 months) from the date of first registered examination date to pass all the 5 modules comprising:-

- DLI01 Individual Life Insurance;
- DLI02 Risk Management, Insurance and Retirement Planning;
- DLI03 Life Insurance Law;
- DLI04 Life Insurance Company Operations; and
- DLI05 Financial Planning: Process and Environment.

Qualification Awarded Upon Successful Completion

Upon successful completion of the examination modules within the specified time frame, candidates will be eligible to use the certification designation: Dip SCI (LI)

Time Bar for Completion

Candidates are given 3 consecutive years (or 36 months) from the date of first registered examination date to pass all the above mentioned 5 modules. Should the candidate be absent or decide to transfer his first registered examination date, to another date, the time bar will still start from the first registered examination date. Modules passed or exempted exceeding 3 years (or 36 months) are considered outdated passes and will not count towards meeting the DLI qualifying requirements. If the candidate does not complete all the modules within this time limit, the modules previously passed or exempted will no longer be valid and the candidate will be required to restart the DLI programme and sit for all the modules.

It is the candidate's responsibility to monitor his own time bar for the examination completion of the DLI programme. The SCI will not send any notification to remind the candidate in this respect. No extensions to the time bar will be considered. No related appeals will also be entertained. This time bar requirement is applicable to those who are not seeking IBF-STs funding. For those who are seeking the funding for DLI02 and DLI05 modules, Clawback Provision deadlines are applicable. If there are any changes to the modules, SCI will make every effort to ensure that the candidate is not disadvantaged by such changes. There will be a proper transitional arrangement for the candidate.

As a rule, no extension to the time bar will be considered and no related appeal will also be entertained. However, only on a case-by-case basis, approvals are granted for candidates who wish to appeal against the time bar rule. The candidates are required to write in to the SCI at talk2us@scidomain.org.sg with supporting reasons and documentary evidence. The SCI will only consider any appeal applications for extension by candidates whose time bar has expired. The candidates may write in to the SCI within 30 days from the time bar's expiry date to seek for an extension of the time bar. In the event the candidate writes in earlier than 30 days before the lapse of the time bar, The SCI will advise him to write in to the SCI again after his time bar has expired. The SCI will also not consider any appeals that are written in 30 days after the time bar's expiry date.

Registration Policy

Candidates are allowed to register for a maximum of 2 modules at one time and required to pass them before registering for another two more modules. Registration should be made online on the [SCI website](#).

- **Sequence Of Examination Attempts**

The SCI recommends that the candidate should take up the DLI modules in the order of the module numbers. However, candidates are still allowed to take any of the modules in any sequence depending on their schedules.

- **Number Of Attempts Allowed**

There is no limit on the number of attempts that a candidate can take to complete each module, subject to the Examination Schedule, the maximum period for completion as specified and deadline to pass for applicable modules as stipulated by the IBF-STs funding policy.

To register, please email talk2us@scidomain.org.sg to request the Advisory Note and Student Contract for the DLI programme. Please also state the preferred module(s) to commence with in the email.

2 working days or less (excluding weekends and public holidays) before examination date	<ul style="list-style-type: none"> No re-scheduling is allowed

* Rescheduling applications must be submitted online with payment via the SCI website. Should the candidate decide to reschedule to a later examination date, please note that the time bar will remain as of the first registered examination date.

Note: Counting of the days does not include the actual examination date itself.

Absence on Day of Examination

SCI will grant a complimentary reschedule for the examination session if the candidate is absent from the examination owing to one of the following valid reasons:

- Medical grounds (self);
- Bereavement (immediate family member);
- Disabling accident or injury (self);
- Court appearance (self); or
- National Service (self, as per the Enlistment Act 1970).

This complimentary reschedule will be considered as the candidate's first reschedule. Any reschedule after, even if they fall into the above categories, will be considered as "Subsequent Rescheduling".

Please email the relevant documentary evidence to the SCI within **three working days** from the date of the examination. You will be rescheduled to the next available examination date or within two weeks from the date of the examination you were absent from. The SCI accepts only valid medical certificates issued by registered medical practitioners or hospitals in Singapore.

The SCI will process the rescheduling application within **four working days** from the date of receipt of the application and complete supporting documentary evidence. If your documentation is in order, an email will be sent to you by the next working day informing that rescheduling for your examination is completed. However, note that there is a Clawback Provision involved for DLI02 and DLI05 modules.

• Grievance Procedure / Dispute Resolution
