

SCI EXAMINATION RULES AND REGULATIONS

Candidates are advised to carefully read and familiarise themselves with all the rules and regulations set out below before registering and sitting for the SCI Examinations. Failure to adhere to any of the following rules and regulations may result in disciplinary actions, including voiding of examination registrations or results, disqualification or other measures deemed necessary to ensure the integrity of the SCI Examinations. As the administrator of the licensing and common industry examinations in Singapore, SCI has the responsibility to monitor its candidates and report any information of those who breach the examination rules and regulations to the relevant regulatory authorities.
