

## Notice to Examination Candidates: Update on Identification Document (ID) Requirement for Candidate Verification and Examination Admission

8 December 2025

Dear Candidates

Please be informed that with effect from 8 December 2025, all candidates are required to comply with the following identification requirements:

1. Bring two (2) forms of valid and current government issued photo ID, one of which must be the Singpass ID, and another a physical photo ID.
2. Present the candidate's Singpass ID via the Singpass App for identity verification and exam admission. Candidates must ensure that:
  - a) They can access the Singpass App (including facial recognition login); and
  - b) Their Singpass ID is properly linked to their account before the scheduled examination.

This update forms part of our ongoing efforts to enhance security and streamline the examination process.

### **Transition Period: Now - 12 December 2025**

We understand that some candidates may not yet have access to their Singpass ID. During this transition period, candidates who are unable to access their Singpass App may present their physical Identity Card for verification.

However, we strongly encourage all candidates to link their ID to the Singpass App as soon as possible to avoid any delays in admissions. After the transition period, the Singpass ID will be the primary verification method, and alternative identification documents may no longer be accepted.

### **For Foreign Candidates who are on Short-Term Visit Pass (STVP):**

Candidates holding an STVP may continue to present the following document for identity verification:

- Valid Passport

If you have any questions or require assistance, please feel free to contact us.

Thank you for your attention and cooperation.
