# Technical Reinsurance Accounts

Conceptually and Practically

W. Jean Kwon

## Table of Contents

Chapter 1 Foundation of Reinsurance.....	1
Introduction.....	1
Insurance and Reinsurance: Principles .....	3
Risk Underwriters and Intermediaries in Reinsurance.....	8
Risk Underwriting: The Private Sector .....	10
Risk Underwriting: The Public Sector .....	13
Pools.....	14
Reinsurance Placement .....	19
Traditional Reinsurance Contracts .....	22
Facultative vs. Treaty Reinsurance .....	23
Proportional Reinsurance.....	26
Nonproportional (Excess-of-Loss) Reinsurance .....	31
Non-traditional Reinsurance .....	36
Nontraditional (Re)insurance: General .....	39
Nontraditional (Re)insurance: Insurance-Linked Securitization.....	45
Nontraditional (Re)insurance: Parametric Insurance .....	48
Technical Accounts in Reinsurance Generally.....	51
Inuring Reinsurance .....	52
Hours Provision .....	53
Chapter 2 Risk Sharing and Financing in Insurance and Reinsurance .....	55
Insurance Premiums, Conceptually.....	55
Risk Portfolios and Loss Distributions .....	56
Pure Premium and Gross Premium .....	58
Losses and Loss Adjustment Expenses.....	61
Premiums Written, Unearned and Earned.....	64
Calendar (Fiscal) Year, Policy (Underwriting) Year and Accident Year Bases .....	68
Reinsurance Premiums, Retentions and Cessions, Conceptually .....	70
Reinsurance Programs .....	78
Retentions and Reinsurance Programs.....	79
Reinsurance Program Evaluation.....	84
Definitions of Premiums .....	86
Chapter 3 Proportional Treaty Reinsurance Accounts .....	91
Proportional Treaty Reinsurance.....	91
Quota Share Treaty Reinsurance.....	92
Standard Quota Share Reinsurance.....	92
Variable Quota Share Treaty .....	94

Technical Reinsurance Accounts for Professionals: Conceptually and Practically

Gross Account Basis vs. Net Account Basis .....	94
Surplus Treaty Reinsurance .....	95
Balance in Surplus Treaty Reinsurance .....	98
Reinsurance Commissions .....	102
Surplus Relief from Reinsurance Commissions .....	102
Original Gross Rate (OGR) vs. Original Net Rate (ONR).....	107
Fixed (Ceding) Commissions.....	108
Sliding Scale Commissions.....	109
Profit Commissions.....	115
Technical Account Matters in Treaty Reinsurance.....	122
Clean-cut Basis and Run-off Basis .....	123
Portfolio Entry and Withdrawal Provisions: Treaty .....	125
Cash Calls and Loss Notifications .....	127
Illustration Using Quarterly Treaty Accounts .....	128
Chapter 4 Nonproportional, Excess-of-Loss Reinsurance Accounts .....	130
Nonproportional (XL) Treaty Reinsurance .....	130
Premiums in XL Reinsurance .....	131
The Occurrence Basis and the Claims-made Basis.....	132
Pricing Excess-of-loss Reinsurance .....	137
Flat (Fixed) Rating Method and the Loss Rate Method.....	138
Exposure Rating.....	138
Burning Cost (BC) Rating.....	144
Burning Cost Calculation: A Loss Development Method.....	147
Application of Rating Methods.....	150
Technical Account Matters in XL Reinsurance.....	150
Reinstatement Premium .....	151
Currency Fluctuation and Inflation Risks .....	154
Chapter 5 Managing Retentions and Losses in Reinsurance .....	158
Managing Retentions .....	158
Internal Factors Affecting Retentions .....	159
External Factors Affecting Retentions .....	161
Cessions and Retentions: A Revisit.....	163
Probable Maximum Loss (PML) Underwriting.....	164
Reinsurance Accounts on the PML Basis .....	166
Managing PML Estimation Error Risk .....	167
Managing Losses: Loss Development and Reserves .....	169
Losses and Loss Estimation .....	171

Technical Reinsurance Accounts for Professionals: Conceptually and Practically

Loss Development and Reserving.....	173
Loss Reserving in Reinsurance.....	180
Chapter 6 Operational and Financial Analysis of Reinsurance Business.....	182
The Life Cycle of a (Re)insurance Company .....	182
Accounting Principles and Regulation.....	184
Financial Statements and Re(insurance) Regulation.....	188
The Balance Sheet.....	188
The Income (Profit-Loss) Statement.....	193
Insurer Solvency Assessment: Rule-based.....	194
Insurer Solvency Assessment: Principle and Risk-based.....	202
Key Ratios for Insurer Performance Measurement: Nonlife .....	204
Profitability Test: Underwriting .....	205
Profitability Test: Investment.....	209
Capacity and Leverage Test .....	213
Liquidity Test .....	216
Reinsurance Test .....	217
Case Study .....	219
Case: Simulacrum Reinsurance Company .....	223
Performance Analysis: Simulacrum Re .....	227
Chapter 7 Society, the Modern Economy, the Environment, and Insurance and Reinsurance .....	233
References.....	241

## Insights

Insight 1: Contract Certainty and Covered Agreement.....	2
Insight 2: Fronting Companies/Carriers.....	9
Insight 3: Captives and Takaful Operators.....	11
Insight 4: Adverse Selection, Moral Hazard, and Utmost Good Faith.....	16
Insight 5: Understanding Alternative Risk Transfers (ARTs) .....	37
Insight 6: Multi-year Coverage in Life (Re)Insurance.....	38
Insight 7: Retentions and Cessions Internationally.....	73
Insight 8: The Effect of Subrogation in Reinsurance.....	127
Insight 9: Unassigned Surplus (SAP).....	191

### **Karel van Hulle**

Emeritus Professor KU Leuven, Former Head of Insurance and Pensions,  
European Commission and Former Member of the Technical Committee of the IAIS

*"This book is long overdue. Although reinsurance is crucial in today's risky environment, it is still the great unknown for many people outside the reinsurance industry. This book, therefore, responds to a need. It provides a detailed analysis of the various techniques used in reinsurance, describing the concepts and providing numbered examples. It is very complete and translates the technical language of reinsurance into understandable messages. Although its title states that it is addressed to professionals, it certainly is a useful book for all people interested in insurance."*

### **Michael Morrissey**

Former President and CEO, the International Insurance Society

*"After 54 years in the insurance business, this new book by Jean is the most comprehensive and lucid treatment of reinsurance I've yet seen. It offers a thorough understanding of its functions, limitations, and role in this rapidly evolving industry. This tour de force offers not only detailed examples of how reinsurance policies and programs work but, perhaps surprisingly for an academic publication, some truly thought-provoking insights into the role of insurance and reinsurance in the modern economy."*

### **James Vickers**

Retired Chairperson, Gallagher Re International and Wills Re International

*"An invaluable and practical guide to technical reinsurance accounts for professionals at an intermediate and advanced level, filling a gap in the available reinsurance educational literature."*
