## FOR WHOM

Reinsurance or general insurance practitioners with 3 to 5 years of experience wishing to gain a better understanding of how Non-Proportional Treaties are being used in reinsurance.

## PROGRAMME HIGHLIGHTS

Although many insurers in Asia still place their core reinsurance on a Proportional basis, there is a continuing global trend towards the use of Non-Proportional Reinsurance, whether on a Facultative or Treaty basis. Through practical exercises and lectures during this 3-day programme, participants will acquire detailed technical and practical knowledge of how the different forms of Non-Proportional Reinsurance can be structured and used in the reinsurance market, and most importantly, the thought processes behind such practices.

## KEY LEARNING OUTCOMES

**By the end of the programme, participants will be able to:**

- Distinguish between the different applications of Non-Proportional and Proportional Reinsurances.
- Identify the different bases of coverage available under Non-Proportional Treaties and explain their impact.
- Outline the main Non-Proportional Treaty clauses and explain how they apply.
- Understand the different methods of claims allocation (e.g. Losses Occurring During, Risks Attaching During).
