Programme Highlights

Studying for this module will give you a basic understanding of the insurance market, the principles of claims handling and specific claims handling issues. Completing this module along with Introduction to Insurance Industry and Claims Handling will provide you with an excellent foundation in claims handling.

For Whom

Insurance claims handlers and loss adjusters who wish to gain a better understanding of more specialist areas such as business interruption claims and factors to consider when handling alternative accommodation claims not to mention basic building elements, common buildings damage and the Construction (Design & Management) Regulations.

Also for loss adjusters who need to have a better insight into claims handling in a catastrophe or surge situation and obtain a basic understanding of how to reserve a personal injury claim, along with an overview of the Civil Procedure Rules.

Course Outline:

- Damaging and Reserving of Injury Claims
- Civil Procedure Rules
- Business Interruption
- Alternative Accommodations
- Catastrophe Handling
- Construction Terms
- Construction (Design & Management) Regulation 2015
