PROGRAMME HIGHLIGHTS

This 3-day programme primarily aims to provide an opportunity for those involved in reinsurance to learn, confirm, clarify and expand their reinsurance knowledge. It works extremely well as a follow-up to our very successful The "Nuts & Bolts" Of Treaty Reinsurance: Proportional & Non-Proportional Reinsurance series of programmes. Considerations of structure and pricing will be an integral part of the programme. In addition, participants will learn about how the main classes of insurance may differ when it comes to reinsurance, e.g. Life and Marine.

FOR WHOM

Reinsurance Practitioners with 4 to 6 years of work experience, and especially those who have previously attended The "Nuts & Bolts" of Treaty Reinsurance" programmes.
Other Practitioners who wish to gain a more in-depth understanding of the various reinsurance concepts and issues.

PROGRAMME LEADER

Mr Peter Cave has over 40 years of working experience in the international reinsurance market, the majority of his time being with a leading international reinsurance broker. He has been conducting reinsurance courses for SCI since 1997.

KEY LEARNING OUTCOMES

By the end of the programme, participants will be able to:

- Highlight the issues and factors to be considered in arranging and structuring a Reinsurance programme.
- Consider the various pricing considerations in differing Reinsurance decisions.
- Discuss the ramifications of various permutations of Reinsurance programmes designing and selecting the most appropriate Reinsurance programme, to meet the specific needs of the company.
- Understand the impact of the Reinsurance Cycle on all Reinsurance decisions.

VENUE
