**6 paxes and above:
15% discount**

Programme Highlights

This programme is designed for new entrants as well as those with not more than three years' experience in the general insurance broking industry. Participants will acquire the skills and knowledge to be an effective insurance broker.

The programme covers the broker's role and risk placements including ESG risks. It also covers the design of an insurance programme and regulatory guidelines that apply to brokers such as Technology Risk Management guidelines. It also deals with the broker's selection of insurers which is a vital part of addressing the risk of insurer failure. It goes on to examine the broker's servicing of claims and the way it handles claims not to mention insurance fraud. The provision of other services by the broker is then discussed with a focus on the broker as a risk manager. The broker's role in managing professional indemnity exposures, ethical issues and conduct is also discussed. The manner in which a broker develops business and manages client relationships is then examined culminating in a discussion on sales and the presentation of insurance proposals.

For Whom

- New entrants to the general insurance broking industry in Singapore and the region
- Insurance brokers with not more than three years' experience in Singapore and the region
- Also suitable for reinsurance brokers who wish to understand the basics of insurance broking

Key Learning Objectives

At the end of the programme, participants should be able to understand the:

- role and duties of brokers from a legal and market perspective
- regulatory guidelines applicable to brokers such as Technology Risk Management, MAS Notice No.: 507 (Notice on Cyber Hygiene) etc.
- role of the broker as a risk manager including the underwriting of ESG risks
- role of the broker in determining client needs and placing risks with insurers
- role of the broker in selecting insurers
- role of the broker in the designing of insurance programmes
- role of the broker in handling claims and insurance fraud
- role of the broker in developing business, sales and presenting insurance proposals
- role of the broker in managing professional indemnity exposures, ethical issues and conduct
- role of a broker in managing client relationship

Programme Leader

Perry Tan has over 20 years in the General Insurance (GI) industry. He attained his ACII and FCII while pursuing his insurance studies at the CII College of Insurance, UK. He spent 13 years as a broker before leading the Marine Cargo Division & Brokers' Business Development Team at a major Japanese insurance company. He then joined the General Insurance Association of Singapore (GIA), overseeing its technical sub-committees. Later, Perry led the General Insurance Division at a financial advisory firm, handling GI and Group Employee Benefits (GEB) for over 6 years. He joined the Singapore College of Insurance (SCI) in 2014 as a Technical Consultant/Lecturer and now heads its Technical Training Department.
