**Venue: Virtual Instructor
Led Training**

Dates: 19 & 20 Sep 2024

**Time: 2.00 p.m. to 5.00 p.m.
(Singapore time)**

Programme Highlights

This comprehensive course on Aviation Insurance offers a deep dive into the various aspects of aviation risk, policy wordings, and claims management. Over two days, participants will learn about the frameworks and conventions that govern aviation risks, understand the complexities of aviation insurance policies, and explore the nuances of handling aviation claims.

For Whom

- Insurance and reinsurance professionals involved in aviation policies.
- Airline and airport operations managers.
- Legal professionals and consultants specializing in aviation law.
- Aviation safety and security officers.
- Financial analysts, intermediaries and advisors focusing on the aviation sector.

Key Learning Objectives

At the end of the programme, participants should be able to:

- Explain international conventions and safety standards in aviation.
- Understand the different types of aviation insurance coverages and their specific conditions.
- Know the fundamentals of risk assessment and underwriting for aviation insurance.
- Understand the process and techniques involved in aviation claims handling.

Programme Outline

Main Elements of Aviation Risk

- Aircraft accidents and their causes
- Accident prevention and reduction
- Main international measures governing aviation risk; Warsaw Convention and Hague Protocol; Guadalajara Convention 1961; Montreal Agreement 1966 and Convention 1999; Rome Convention 1952 – Surface Damage; and other associated international measures

International Safety Conventions, Associations and Legislation

- Chicago Convention 1944
- International Civil Aviation Organization (ICAO) and International Air Transport Association (IATA)
- International conventions dealing with offences onboard aircraft
- Civil Aviation Authority and the European Aviation Safety Agency
- Air Navigation Order and the Rules of the Air Regulations
- Overview of the U.S. legal system; including litigation and punitive damages

Aviation Insurance Policy Wordings

- Aircraft hull and liability insurance
- Aviation products liability insurance
- Airport liability insurance

- Aviation hull war and allied perils insurance
