SMART CERTIFICATE

Singapore College of Insurance

Blockchain | Verifiable | Tamperproof

This is a special additional new feature that SCI has introduced to give you the following benefits

SHARE

Share on social media (Post to Facebook, or add to your LinkedIn)

Digitally (You can send by E-mail, download as PDF or share the hyperlink of your Smart Certificate.)

Verifiable by third party (The third party can check the authenticity of the certificate by using the QR code or clicking on the link embedded. This saves third party time on the verification.)

ACCESS

Permissible (You will be the party to consent to allow the third party to verify.)

Easily accessible by you anytime (You can login to Smart Certificate platform to retrieve your certificate from desktop or mobile devices)

Digital Wall of smart certs issued by SCI (This means that you can see at one glance all the courses you ever attended at SCI from the time we started issuing the Smart Certificate)

SECURE

Tamper-proof (your Smart Certificate is encrypted using state-of-the-art technology-blockchain)

Time Stamped (Each smart Certificate are uniquely stored on the blockchain technology)

Permanently stored (you do not have to worry about lost or misplaced hardcopy certificate)

GDPR compliant (Your name and email address will be shared and stored securely with our Smart Certificate provider and our Mobile Learning hosting platform which are General Data Protection Regulation (GDPR)
