Resolution of Appreciation

Nanyang Technological University

Resolution of Appreciation

Whereas risk, its management, and insurance assume increasing importance with economic development and growth, and

Whereas, education and research are essential components of the contributions that risk management and insurance make to economic development and growth, and

Whereas, the relevance and quality of education and research are enhanced by mutual and open exchanges of facts, ideas, and opinions across national borders, and

Resolution of Appreciation

Whereas, in the past, no organisation has existed in the Asia-Pacific region whereby scholars and others interested in risk and insurance education and research could engage in such mutually beneficial, regular exchanges, and

Whereas, the Asia-Pacific Risk and Insurance Association was created on 5 September 1997 to further the science of risk and insurance through education, research, literature, and communication, and

Resolution of Appreciation

Whereas, the inaugural and second conferences and meetings of the Association were conducted under the sensitive and wise guidance of the Division of Actuarial Science and Insurance at Nanyang Technological University in Singapore, and

Further, whereas, the Division of Actuarial Science and Insurance at Nanyang Technological University provided essential support and encouragement in the founding and successful launching of the Asia-Pacific Risk and Insurance Association,

Resolution of Appreciation

Now therefore be it Resolved,

That the Board of Governors of the Asia-Pacific Risk and Insurance Association acknowledges with its deepest appreciation and gratitude the vital part played by the Division of Actuarial Science and Insurance at Nanyang Technological University in hosting the first two Conferences and in providing invaluable leadership and support in the creation of the Association.
